Subject: Waymo v. Uber - Waymo PROD019 and PROD020

Counsel,

Please find Waymo productions PROD019 and PROD020 at the link below:

I'll send the passwords separately.

Notice to Otto Trucking: PROD019 contains a single file, WAYMO-UBER-00026477, of bit9 log data for Anthony Levandowski going back to March 2014. This is in response to the following request from OT: “(2) as described in the Gary Brown declaration, even though Mr. Levandowski’s laptop was allegedly reformatted, Mr. Brown was able to determine after the alleged reformatting that Mr. Levandowski had previously downloaded TortoiseSVN and used it to access the SVN Server on or about December 11, 2015. Brown Decl., para. 16. We request an explanation from Waymo why it could not use the same process Mr. Brown used to identify the December 11, 2015 download of TortoiseSVN to identify prior downloads and use of TortoiseSVN by Mr. Levandowski.”

Thanks,
Jeff
